THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Warner in the
County of Merrimack in said State, qualified to
vote in Town Affairs:*

(L. S.)

You are hereby notified to meet at the Town Hall in said Warner on Tuesday, the ninth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to raise and appropriate the sum of \$100.00 for the purpose of publicizing the natural advantages of the Town, in connection with the other Towns in the Dartmouth-Lake Sunapee Region.
4. To see if the Town will vote to raise and appropriate the sum of \$400.00 for the control of White Pine Blister Rust in the Town, in cooperation with the State Forestry Department.
5. To see if the Town will vote to raise and appropriate the sum of money required to finish grading and to oil road on so-called Webster Road beginning at Lower Warner and running to the Webster line.
6. To see if the Town will vote to raise and appropriate the sum of \$500.00 for building and maintaining a skating rink for the year 1948-1949.
7. To see if the Town will vote to raise and appropriate the necessary funds to install a standpipe near the bridge at Davisville to be used for fire protection.
8. To see if the Town will vote to raise and appropriate the sum of money necessary to oil the existing streets all ready tarred in the Town.

9. To see if the Town will vote to accept the recommendations of the Street light Committee as appointed in the March 1945 Town Meeting, and appropriate money for the same.

10. To see if the Town will vote to authorize the Board of Selectmen to borrow a sum of money necessary to purchase the Town Dump on the North Road, when the occasion may arise.

11. To see if the Town will vote to authorize the Board of Selectmen on the authority to draw up a new set of rates and regulations governing the rental of the Town Hall.

12. To see if the Town will vote to authorize the Selectmen and Fiscal Agent to sell at public auction or private sale, any or all property, held by the Town, acquired by Tax Collector's deed, now or at some future time.

13. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money on notes of the Town in anticipation of taxes.

14. To hear reports of Officers of the Town heretofore chosen and pass any vote relating thereto.

15. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 19th day of February in the year of our Lord nineteen hundred and forty eight.

REMARKS

Some piece of crawler type equipment should be purchased that could be used in summer maintenance and be the back log for opening badly drifted roads in winter.

A T6 Caterpillar Tractor with overhead shovel could be used in gravel loading or snow removal and plow attached will handle the drifts.

The old grader will have to have some major parts replaced to make it right for smoothing the roads we have resurfaced with gravel, it will never be suitable to rough grade roads again, age and usage have caused metal fatigue, which means too many break downs to get anything accomplished.

By doing a complete motor overhaul on the KS5 International Truck our three trucks should be in good shape for the coming year.

DWIGHT W. STEARNS,

Road Agent

It is rather difficult to write a report for the school year 1946-47 because of the fact that during that period of time I was not connected with the Warner school system and the report by its very nature is almost a year old before it is presented to the citizens of Warner. In March of 1948 you get a report of the school year which ended in June of 1947. Any remarks I have to make must of necessity relate to the present school year and future school years.

The present shortage of teachers continues with no signs of being relieved in the next four or five years. In some high school fields there has been some relief; in other high school fields the shortage is as acute as ever. In the elementary field the situation, is if anything, worse than last year. Considering this fact in the light of continued increases in living costs, it would seem that salaries for teachers will have to be increased. The recent State Aid Bill will help relieve some of this burden on the local tax payer.

There have been two trends in Warner which I believe are very healthy. The first is the increased interest in the schools on the part of the general public in the form of increased visits to the schools and the formation of a Parent-Teachers Organization. The second is the establishment of closer relations between the school boards and the teachers in the form of joint meetings to discuss problems and clear up misunderstandings.

One important question which faces Warner is the problem of Simonds Free High School. Using the figures of the school year 1946-47 we find that the average enrollment for the year was 96.5 pupils. Of that number 35.4 pupils were from Warner and 61.1 pupils were from Newbury, Bradford, Sutton and Webster. Using percents, 36.6% of the pupils were from Warner and 63.4% were from outside communities. Yet when we examine the costs we find that the figures are reversed. The non-resident share of the cost is 37.3% and the Warner share of the cost is 62.7%. In other words,

Warner is paying a dis-proportionate share of the expense. It would seem that the answer to this problem would be a co-operative school district and I recommend that a Committee be formed to study the possibility of setting up a Co-operative School District.

May I express my appreciation for the co-operation which I have received from board members, teachers and citizens of Warner. It has been a most pleasant beginning of my duties as Superintendent.

WILLIAM C. STERLING,
Superintendent of Schools

FOREST FIRE PROBLEM SERIOUS

The year 1947 was one of the worst periods of drouth and forest fire occurrence in eastern United States history. Lack of water ruined crops, lowered water levels and dried up brooks everywhere. Three months of deficient rainfall and abnormally high temperatures resulted in many fires which were mostly well controlled and kept within bounds. Only the high winds beginning on October 23rd caused a few fires to escape beyond immediate control. These few fires resulted in burning some 15,000 acres and the loss of 63 or more buildings in four New Hampshire towns.

All October fires were costly. They burned deeply in the ground and required day and night patrol of large crews of men until the rains came late in October. Towns which escaped from serious fires might easily have been in the midst of the most serious conflagrations we had.

Governor Dale closed the woods effectively at midnight of October 15th. With the blow-up of October 23rd, a second proclamation closed all back roads and authorized towns to inaugurate patrol. The effect of this was to cut down subsequent fires for the rest of the dry period.

Local fire warden forces performed an admirable job to hold the more than 200 fires that occurred during this October period. Many men were taxed to the utmost as the emergency continued. To them and all those who did their work, the people of New Hampshire owe a debt of gratitude. The state forest fire control agency based on local town wardens and town crews wherever adequately equipped rose to the occasion and met the test in whatever town their services were needed.

It is now time to take stock everywhere of our fire fighting facilities for the season ahead and to make them adequate where necessary. To this end town fire plans and training programs for wardens, deputies and other

key men in each district are being arranged or in progress. If equipment and tools are insufficient properly to equip the available man power in each community with the right tools for the job, they should be provided for at once. The yearly addition of fire tools to the town supply will generally need to be built up. The state sells tools to the towns and shares one-half their cost. Good equipment is important and can help greatly to keep both damage and fire costs at a minimum.

For many years we have requested our wardens not to issue burning permits except on rainy days. This regulation will be in effect again this year as it is one of the best means of assuring such fires from getting out of control. Nine out of every ten fires can be prevented, 98 percent of all fires being due to human carelessness. Be sure to get a permit for any fire in or near woodland when the ground is free from snow. Be sure your fires are always out before you leave them. Help us in getting the travelling public to keep from throwing out lighted matches or cigarettes. Be careful of all fires in or near woodland.

THOS. J. KING,
District Chief
